# Foliflex® WIRES & CABLES

#### **PRODUCT CATALOGUE**

THE OWNER AND A CONTRACTOR

AN ISO 9001:2015 CERTIFIED COMPANY

# AboutUs

Foliflex Cable And Wires Is Currently The Leading Player In Electric Cable Industries In India With Commitment To State Of Art Technology, Manufacturing World Class Products. We Are Serving Indian Industry Since Last 50 Years With Time Tested, Reliable And Well Proven Product In The Field Of Wire And Cables. We Are Manufacturing And Supplying Of Wide Range of House Wire Insulated Cable, Submersible Cable Aluminium Cable, Multicore Cable, Industrial Flexible Twisted Cables Etc. for more about us.

Foliflex Cables And Wires Posses Most Modern Manufacturing Units ISO 9001:2015 Certified Located In JHILMIL INDUSTRIAL AREA DELHI To Manufacture Products Confirming To International And Indian Standards. We Are Using The Latest Technology with World Class Material Under Strict Quality Assurance Procedures With Total Traceability Of In House Or Approved Supplier Materials Throughout Production Process. We Have A Well Equipped Research And Development Unit That Has Internal Accredited Lab.

## FOLIFLEX GOLD FR-LSH

#### **FLAME RETARDANT LOW SMOKE & HALOGEN**

PVC INSULATED SINGLE CORE UNSHEATHED COPPER CABLES (UP TO 1100 VOLTS AC)

**CONDUCTOR** The conductors drawn from bright electrolyte grade copper and annecled and bunched together

**INSULATION** The bunched conductors are insulated with specially formulated FR-LSH PVC compound with a high insulation resistance value. The insulation process is carried out on modem high speed extrusion lines, which ensures high accuracy and consistency in performance Flame retardant low smoke & halogen properties enable he cable to withstand overdoods. The insuldionisist to boling we steam and vapors. This prevent ageing and coding in kitchens, bathrooms, damp walls and chemical industries

MARKING The cables are printed with generic marking GOLD

COLORS Red, Yellow, Blue, Black, Green and white as for requirement

PACKING 90 Meters (approx 100 yards) pack in protective cartoon

FOLIFLEX GOLD is a multi-stranded flexible wire with Home retardant properties. It has specially formulated insulation with a high oxygen and temperature index, enabling the wire to withstand overloads preventing electric mishaps. So, give yourself the promise of security and supreme quality. Get FOLIFLEX house wires and safeguard your home for life.

## FOLIFLEX SAFETY FR-LSH

#### FLAME RETARDANT LOW SMOKE & HALOGEN

PVC INSULATED SINGLE CORE UNSHEATHED COPPER CABLES (UP TO 1100 VOLTS AC)

**CONDUCTOR** The conductors drawn from bright electrolyte grade copper and annecled and bunched together

**INSULATION** The bunched conductors are insulated with specially formulated FR-LSH PVC compound with a high insulation resistance value. The insulation process is carried out on modem high speed extrusion lines, which ensures high accuracy and consistency in performance Flame retardant low smoke & halogen properties enable he cable to withstand overdoods. The insuldionisist to boling we steam and vapors. This prevent ageing and coding in kitchens, bathrooms, damp walls and chemical industries

MARKING The cables are printed with generic marking SAFETY

COLORS Red, Yellow, Blue, Black, Green and white as for requirement

PACKING 90 Meters (approx 100 yards) pack in protective cartoon

FOLIFLEX SAFETY is a multi-stranded flexible wire with Home retardant properties. It has specially formulated insulation with a high oxygen and temperature index, enabling the wire to withstand overloads preventing electric mishaps. So, give yourself the promise of security and supreme quality. Get FOLIFLEX house wires and safeguard your home for life.

## FOLIFLEX UNI-T FR-LSH

#### **UNI-T Bunching Wire**

CONDUCTOR Thin strands of electrolytic copper are multi-drawn for uniformity of resistance, dimension and flexibility. The drawn strands are UNI-T with high precision and compacted. Thus forming a perfectly circular conductor which enables reduction in overall diameter for space saving in high density wiring. CONDUCTOR SPECIALITY The strands do not get cut when stripping the insulation. The conductor offers perfect contact at pins, terminals and sockets. Thus, eliminating spot heating and sparking.

**INSULATION** Specially formulated heat resistant & flame retardant TRIPLE LAYER OF PVC Insulation is used. The FR-LSH property retards the propagation of flame without compromising safety.

MARKING The cables are printed with generic marking UNI-T

LAYER PROTECTION

खुशियों को जोड़ती बस एक तार...

**COLORS** Red, Yellow, Blue, Black, Green and white as for requirement

PACKING 90 Meters (approx 100 yards) pack in protective cartoon

## FOLIFLEX PLUS FR-LSH

#### FLAME RETARDANT LOW SMOKE & HALOGEN

PVC INSULATED SINGLE CORE UNSHEATHED COPPER CABLES (UP TO 1100 VOLTS AC)

**CONDUCTOR** The conductors drawn from bright electrolyte grade copper and annecled and bunched together

**INSULATION** The bunched conductors are insulated with specially formulated FR-LSH PVC compound with a high insulation resistance value. The insulation process is carried out on modem high speed extrusion lines, which ensures high accuracy and consistency in performance Flame retardant low smoke & halogen properties enable he cable to withstand overdoods. The insuldionisist to boling we steam and vapors. This prevent ageing and coding in kitchens, bathrooms, damp walls and chemical industries

MARKING The cables are printed with generic marking PLUS

COLORS Red, Yellow, Blue, Black, Green and white as for requirement

**PACKING** 90 Meters (approx 100 yards) pack in protective cartoon

FOLIFLEX PLUS is a multi-stranded flexible wire with Home retardant properties. It has specially formulated insulation with a high oxygen and temperature index, enabling the wire to withstand overloads preventing electric mishaps. So, give yourself the promise of security and supreme quality. Get FOLIFLEX house wires and safeguard your home for life.

### FOLIFLEX GOLD PRO FR-LSH

#### **BUILDING CONSTRUCTION WIRE**

"Experience the excellence of Follfiex, An ISO 9001:2015 Certified leader in Cables. Introducing Foliflex Gold Pro, boasting 1.0 Sq. mm of quality for your wiring needs. With 180 meters of FR-LSH safety, trust in our superior performance and reliability."

MARKING The cables are printed with generic marking GOLD PRO

**COLORS** Red, Yellow, Blue, Black, Green and white as for requirement
